KNOW YOUR TEA?

A tea taster may be able to identify as many as 1,500 different teas. By examining a dry leaf, he can tell where the tea was grown, sometimes even the estate it came from, what time of year it was plucked, its probable taste and cost.

PAINTER'S TIP

Professional painters say the correct
 way to hold a brush is to grasp it
 comfortably near the handle base.
 Don't bear down on the brush. Just
 exert enough pressure to make the
 bristles flex slightly toward the tip.
