USE LONG DISTANCE**SCRATCH WOODWORK**

One way to repair deeply scratched
 woodwork is by filling the scratches
 with a mixture of fine sawdust and
 spar varnish. After this filling has
 hardened completely, smooth it down
 with fine sandpaper.

PAINTER'S TIP

Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.
