A HEAVY LOAD

Shoppers each year carry some 1,400 pounds of groceries home for each person in the family. The load, however, is about 100 pounds lighter than it was in the 1940's — partly because of increases in food processing, partly because of changes in consumer tastes.

PREVENT COLORING

Potatoes turn green when they
are exposed to too much light
during storage, says a publication
of the Alberta Potato Com-
mission. It advises that potatoes
should be stored in a dark, cool
place.

MAKE BEST USE

The person with a long-term
illness, whether young or old,
must be taught how to live with
his handicap and to make the
best use of the abilities and

FRONT COVER STORY

DELICACY OF THE WILD: Spring in northern Alberta sees the perennial rootstock of the wild strawberry (*Fragaria glauca*) push forth its new crop of three-parted leaves, flowering stalks, and long, searching runners. Showy white flowers with golden centers give rise to succulent red berries as summer arrives.

The painting on the cover of this directory, one of a series illustrating the beautiful and varied wild flowers of Alberta, was prepared by an Alberta Government Telephones graphic artist. Reprints of this and other flowers in the series are available on request.
