# Besides your building permit, you'll need us.

**Here's what the AGT Building Industry Consulting Service does for developers, architects, engineers and contractors.**

We pre-plan communication facilities needs with you now to save costly problems later. Such as expensive alterations or added-on wiring eyesores caused by communication congestion.

The service costs you nothing. But from a success standpoint it can mean communication flexibility — both now and years down the road.

For one thing, it can increase the building's value. "Communications Ready" buildings are increasingly important to prospective tenants or buyers because they are designed to cope with growing communications demands.

As a team of specialized engineers, draftsmen and specifications writers, we're tuned-in to the complex communications needs of modern buildings. Commercial, industrial, and institutional.

We're ready to work with you as soon as you're ready for us — ideally, before the blueprints are final. And we'll stay on the job right through the final inspection.

**BUILDING INDUSTRY CONSULTING SERVICE**  
Call collect. Edmonton 425-4901. Calgary 261-3311.
