SAVES WASHING

One way to save a bit of work is to beat egg whites before beating the yolks in recipes that call for separate beating. You won't have to wash the beater before beating the yolks.

FURNITURE STAIN REMOVER

If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.

EASE YOUR EYES

Seamstresses should take a few minutes off each half hour for the sake of their eyes. Close work over a long period of time can put a strain on eyes and one way to lessen the fatigue is to glance off into the distance for a moment every now and then.
