SILVER CLEANER

To clean your silver. Mix one-half cup of salt and three-fourths cup of soapflakes with sufficient cold water to cover the silverware laid in an aluminum pan. Bring to a boil, then wash the silver in hot soapy water. CAUTION: Do not use on filigreed silver. Solution may remove the oxidation in the intricate designs and it will take some time for them to darken again.

SUN BATHING TIPS

— Initial exposure to the sun should be 30 minutes at the most.
— Never rely on tanning lotions for complete protection.
— White reflects light to a greater degree than colors.
— When using a beach umbrella, place it over a dark towel to prevent reflection.
