FRONT COVER STORY

DELICACY OF THE WILD: Spring in northern Alberta sees the perennial rootstock of the wild strawberry (*Fragaria glauca*) push forth its new crop of three-parted leaves, flowering stalks, and long, searching runners. Showy white flowers with golden centers give rise to succulent red berries as summer arrives.

The painting on the cover of this directory, one of a series illustrating the beautiful and varied wild flowers of Alberta, was prepared by an Alberta Government Telephones graphic artist. Reprints of this and other flowers in the series are available on request.

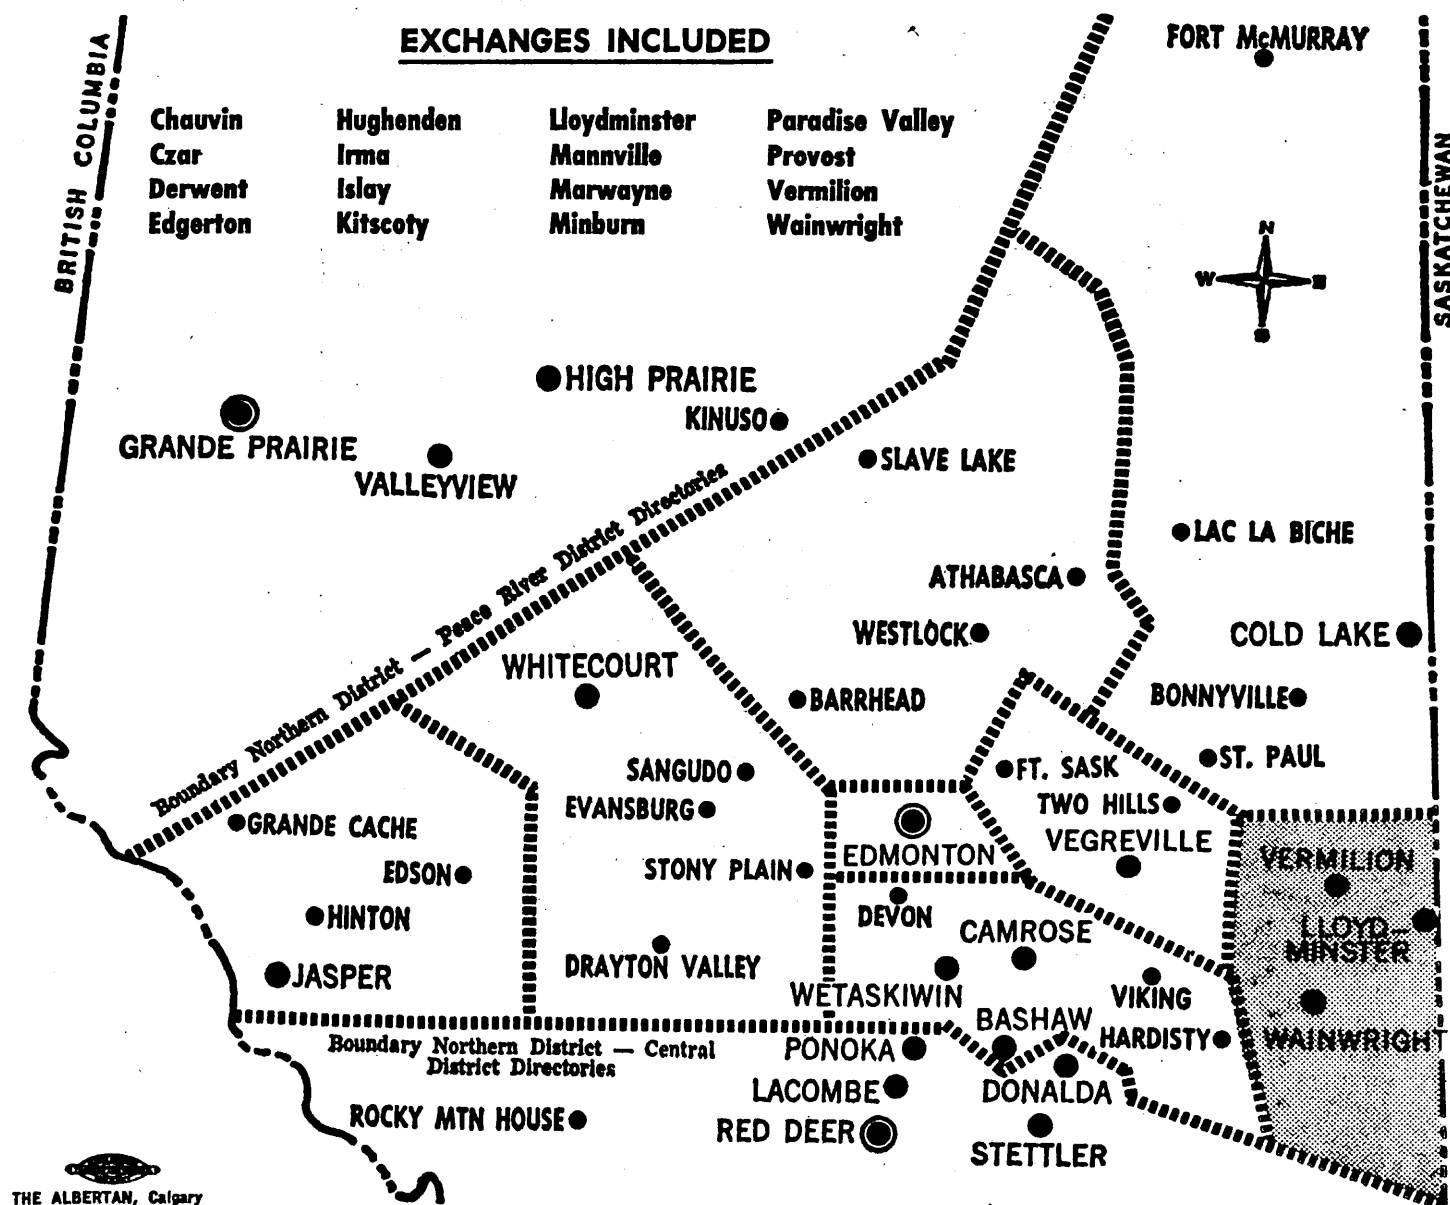

For reprints write to:
