403 is the
Area Code for
Alberta.

Give this code
as part of your
telephone number
to people outside of
Alberta. It's a good idea
to show the Area Code on all
your stationery too.

The Area Code makes it easy
for people to reach you.

THE COVER

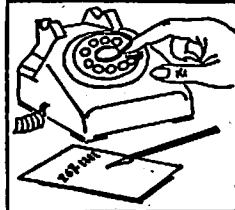

A Lethbridge district farmer won the world wheat king title in 1963, marking the third time in succession this honor has come to Alberta, and the eleventh time in 15 years. The Alberta Government Telephones, to commemorate this notable record, and the fact that Canadian wheat is being sold to world markets in large quantities, had this year's cover painted. The artist has portrayed the province of Alberta as background for the large golden wheat stalks upon which the world relies.

YOUR LOCAL CALLING GUIDE

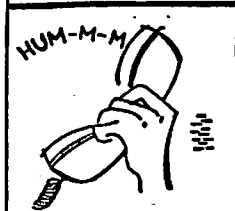

To Dial Local Calls . . . FOLLOW THESE FIVE EASY STEPS

1. BE SURE YOU HAVE THE RIGHT NUMBER.
If you are not sure, consult the latest telephone directory.

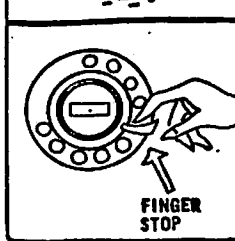

2. JOT THE NUMBER DOWN AND REFER TO IT AS YOU DIAL.

3. LISTEN FOR THE DIAL TONE — A STEADY HUM.
If you do not hear the tone within a few seconds, hang up for a short time and try again.

4. DIAL THE SEVEN FIGURES OF THE NUMBER AS SHOWN IN THE DIRECTORY.

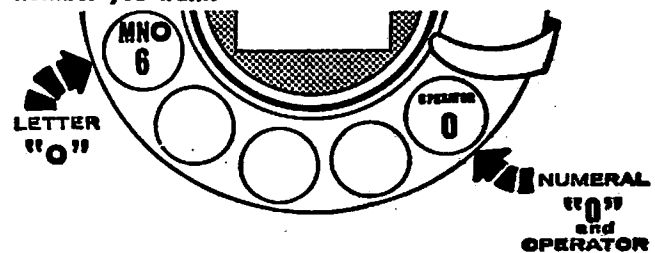

5. BE SURE TO PULL THE DIAL ALL THE WAY AROUND TO THE FINGER STOP AND LET IT RETURN WITHOUT INTERFERENCE.
If you make a mistake, hang up and start over.

Remember —

Telephone operators are always on duty to help you. If you have difficulty in dialing — or need assistance — dial "0" (OPERATOR).

Please be careful not to confuse the letter "O" with the numeral "0". If you mix them up, you won't get the number you want.

To Place Local Calls From Manual Telephones

Consult the Telephone Directory to make sure you have the correct number. Do not trust to your memory.

Local Calls—

- Give the generator crank one short turn to signal the Operator.
- When the Operator answers, give her the number you are calling.

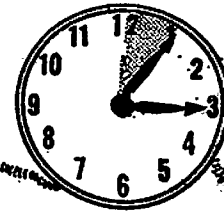

A Customer on your own Line—

- Lift the receiver to make sure the line is clear.
- To call another customer on your line, ring the other party's ring number directly using the generator crank.

When You are Through Talking—

- Replace the receiver and give the generator crank a short turn to signal the Operator and other customers on your line that you are through with your conversation.

Rural line customers should limit conversation to five minutes duration.

Emergency Calls from Party Lines—

Please hang up promptly when told the line is needed for an emergency call to a fire department, police department, for medical aid or ambulance service. The next emergency call may be yours.

Terms and Conditions Under Which Telephone Service is Furnished

USE OF TELEPHONE

1. The service furnished is for the exclusive use of the customer and members of the customer's household or the customer's employees upon the customer's business, and the customer shall not extend the use of the telephone to any other person, nor shall the customer transmit messages for any other person; and if a residence telephone is used for business or professional purposes Alberta Government Telephones may charge therefrom the rate charged for business or professional telephones. The residence telephone number of a customer may be advertised only in conjunction with the advertising of his business telephone number.

Alberta Government Telephones will endeavor to keep the lines and instruments in good working order and undertakes to clear trouble or make repairs with all reasonable despatch, but does not guarantee uninterrupted service.

The right of the customer is to use the instruments and connecting lines where Alberta Government Telephones may place them, but not elsewhere, under such rules as Alberta Government Telephones may from time to time prescribe.

The use of obscene, profane or abusive language or use of a telephone so as to interfere with the use or enjoyment of a telephone by another customer is strictly forbidden and service may be immediately discontinued for violation of this rule.

2. The instruments and all accessories connected therewith shall remain the property of Alberta Government Telephones and the customer shall not remove, alter, or make any attachment thereto. Further telephone service shall be refused to any customer who continues to use any unapproved attachment to the telephone after having been advised by Alberta Government Telephones in writing that the use of such attachment is not permissible. The customer agrees to compensate Alberta Government Telephones on demand for any damage, loss or destruction of Alberta Government Telephone instruments and accessories whilst such instruments and accessories are in or upon the premises of the customer; the customer shall be held responsible for the full cost of repairing any damage caused to buried facilities (drop wire or cable) between the line and his premises, when such damage has been created from or as the result of surface operation on his property.

CONSTRUCTION

3. When it is necessary to erect poles or anchors in order to carry the wires from the main telephone line on the road allowance or street to the applicant's premises, such poles and anchors in connection therewith will be supplied and erected by Alberta Government Telephones at the expense of the applicant.

CHARGES—HOW PAID

4. All charges for installations, moves and monthly rentals shall be paid in advance, which shall entitle the customer to service with all customers connected to the same exchange. Regular toll rates will be charged for all service to points outside of the exchange.

5. The protection of his service from unauthorized use is the customer's responsibility and he shall be fully accountable for such use and shall pay in full the charges for all long distance calls completed over his telephone service, whether he has or has not knowledge of, or has or has not authorized such calls.

6. Customers shall pay the installation charges, first rental instalment (and construction charges, if any) strictly in advance. Excess mileage charge will be added if outside of exchange limits. If subsequent rental accounts remain unpaid after 25 days have elapsed from date of bill, service shall be discontinued and no rebate or reduction shall be allowed for such interruption to service.

7. Customers shall pay monthly, at schedule rates, for all messages and conversations over the Long Distance lines. If said accounts remain unpaid 25 days after date of bill, further credit shall be refused until account is paid.

8. Customers shall pay promptly, upon presentation of account, all charges for other miscellaneous items. If these charges are not paid within 25 days from date of bill, service shall be discontinued.

9. Telephone bills are due when received.

ENQUIRIES REGARDING LONG DISTANCE SERVICE

10. While Alberta Government Telephones will carefully consider enquiries in connection with toll service at any time received, it would be appreciated if customers would make such enquiries immediately after conversation has taken place.

VACATION ALLOWANCE

11. Should a customer desire to have his Exchange Service temporarily discontinued, owing to the closing of his premises, he may do so without cancelling contract or having telephone removed, and if arranged for in advance, an allowance of one-half of the rate per month will be made for a period of not less than one month. Customer shall state, when making application, the period for which he expects to be absent and shall pay for this period in advance. Customer will notify the business office when he wishes service resumed. Owing to the fact that Multi-Party Line Telephones cannot be disconnected without a special trip being made to their location, this regulation will not apply to Multi-Party Line Service.

MOVES

12. The telephone is first located where the customer directs and must not be moved or interfered with. When the customer desires to have the telephone moved to any other location, notice should be given to the local office, a reasonable length of time before the change is desired. The work will then be done as promptly as possible at regular charges.

JOINT USER SERVICE

13. A joint user is a person, firm or corporation who shares the customer's exchange service in accordance with tariff provisions. To facilitate this use of service, a directory listing is included.

Business Joint User—One-third of business wall-set rate . . .

e.g., Calgary City Business Joint User rate—\$2.00 per month.

Residence Joint User—50c per month.

CANCELLATION OF SERVICE

14. Customers giving up service must notify Alberta Government Telephones in writing, or call business office. Failing to do this, customer will be liable for all charges up to date instrument is removed or taken over by a new customer.

DIRECTORIES

15. Alberta Government Telephones assumes no liability on account of errors in or omissions from its directories. Telephone directories are and remain the property of Alberta Government Telephones, and customers will receive only free issue of the particular directory published covering the district in which their listings appear. Copies of other directories published by the Alberta Government Telephones may be obtained from the Directory Department at Calgary upon payment of the regular purchase prices. Free issues are printed for the exclusive use of Alberta Government Telephone patrons and are loaned to its customers. All persons are cautioned against reproducing their contents, which are fully protected by copyright. Customers must not use any binder, holder or other attachments, except as provided by Alberta Government Telephones.

TELEPHONE NUMBERS

16. The customer shall have no property right in the telephone number assigned to him or any right to continuance of service through any particular central office, and the telephone number or central office designation, or both, of the customer may be changed upon reasonable notice to the customer when the exigencies of the business so require.

GENERAL

17. Other terms and conditions under which telephone service is furnished are in accordance with the rules, regulations and tariffs in force from time to time.

AREA CODES . . . Speed Your Out-of-Province Calls

Area Codes provide the telephone industry with a uniform numbering system that assists in giving you faster, more direct long distance service.

The Area Code, when quoted (or dialed) before the two letter, five digit number or seven digit number for out-of-province calls, gives each telephone in Canada and the United States a unique number, there is no other exactly the same.

The Map shown below identifies the general location of the Area Codes in the Western Region. A list of Area Codes for some of the more frequently called places in Canada and the United States is shown on Page 5.

WHEN YOU CALL to a telephone outside of Alberta, please give the long distance operator both the Distant Area Code and the Telephone number.

For example, if you want 555-2368 in Vancouver, say, "Area Code 604, 555-2368."

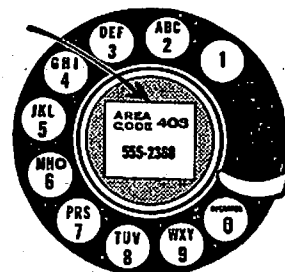

If you have Direct Distance Dialing, dial the Area Code as shown on Page 5.

Do not use the Area Code for calls within Alberta (Area Code 403).

WHEN OUT-OF-PROVINCE FRIENDS CALL YOU, they use both your Area Code (403) and your telephone number. Please mention both when giving them your number.

All telephones will eventually have the Area Code shown on the dial like this.

. . . it is a reminder to you to give your Area Code to friends and business acquaintances who call you from outside Alberta.

A GUIDE TO THE BEST IN LONG DISTANCE SERVICE

To Place a Long Distance Call . . .

After reaching the Long Distance Operator, give her your call in this order:

1. The city and province (or state) that you want, and the Area Code, if known.
2. The telephone number. On person-to-person calls, include the name of the person you are calling.
3. If you don't know the number, give the name and address of the party you are calling.
4. When the operator asks for it, give your number.

FOR FASTER SERVICE — CALL BY NUMBER

It's Inexpensive to Call Long Distance . . .

The easier and more economical way to call is station-to-station. This means you will speak with anyone who answers at the called telephone. Charges begin when the called telephone is answered.

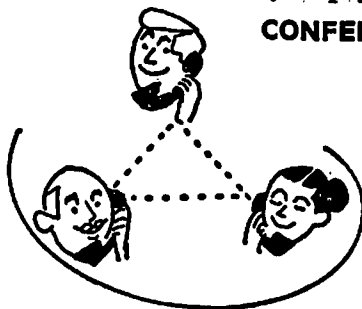

If you want to speak to a particular person, department or extension, you call person-to-person. Charges begin when the specified person, department or extension answers, and are slightly higher than station-to-station calls.

Long Distance is Fast . . .

Calls go through in seconds, particularly if you call by number; so if you'll stay on the line, you'll be able to start talking promptly.

Reduced Evening and Sunday Rates . . .

Low night rates are in effect from 6 p.m. to 4:30 a.m. weekdays and all day Sunday. Alberta time determines the rate you pay.

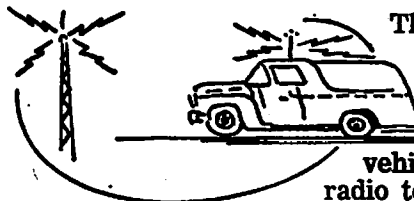

CONFERENCE CALLS

You can talk to several people in different places at the same time. Tell the Long Distance operator you wish to make a Conference Call.

COLLECT CALLS

If you wish the charges billed to the distant telephone, tell the operator **WHEN YOU PLACE THE CALL** that it is a "Collect" call. She can then determine whether someone at the distant telephone will accept the charge.

MOBILE CALLS

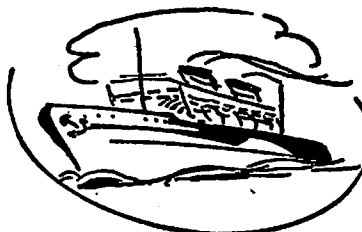

This service provides two-way telephone communication between a regular telephone and a vehicle equipped with a radio telephone or between such vehicles. To make a call

from a regular telephone, call your Long Distance operator and give the telephone number and location of the vehicle desired.

OVERSEAS CALLS (Including Alaska)

Calls to practically all the world's telephones can be made from your telephone. Tell your Long Distance operator that you wish to make an Overseas Call and she will connect you with the Overseas operator.

Some typical weekday rates for a three-minute call are:

AUSTRALIA	\$12.00	BAHAMAS	\$9.00
BRAZIL		GREAT BRITAIN	
JAPAN		BERMUDA	
PHILIPPINES			
ALASKA	\$8.25	Anchorage	\$8.25
		Fairbanks	\$8.25
		Juneau	\$6.75
		Nome	\$9.00

Reduced rates apply on calls to many countries during certain night hours and Sundays.

For further information please call your Operator.

HELPFUL INFORMATION

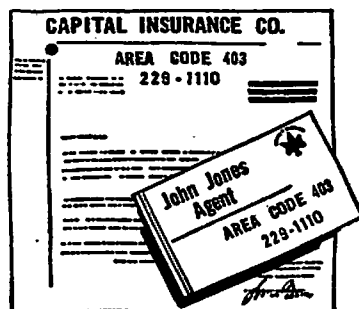

The "Beep" Tone

If you hear a short beep tone about every 15 seconds it indicates that the person with whom you are talking is recording your conversation by means of an electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and is provided by the Telephone Company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Use of a recorder without this signal is not permitted.

Your Business Number is Important

It's good business to make it easy for your customers to reach you. Include the area code 403 in front of your telephone number on all stationery, statements, and advertising material, as it helps out-of-province parties reach you faster.

Pay-Station Service for your Convenience

Pay-Station Telephones are installed throughout Alberta for the convenience of our Customers and the general public. Local conversations should be limited to five minutes in the interests of better service.

Long Distance service is furnished at regular tariff rates upon deposit of the amount of the initial charge (covering three minutes conversation), the usual charges being made for excess time.

Telephone as you would be telephoned to . . .

When your telephone rings answer promptly, and cheerfully identify yourself. If you smile while you are talking on your telephone; the smile will be heard in your voice.

Communication Consultants

Your Telephone Company provides a staff of competent Consultants capable of meeting every communication need that may exist in your residence and business activities.

The Consultant is interested in you and your communication problems.

With his knowledge of communication, you benefit by using the equipment or service best-suited to your requirements.

Telephone Planning

For Future Needs

Assistance is available in planning telephone needs for new or remodeled homes or office buildings. Arrangements can be made to have the builders provide for present and anticipated future telephone requirements, so that the wiring can be concealed without marking walls or woodwork.
