### TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

## TELEPHONE PLANNING FOR FUTURE NEEDS

Assistance is available in planning telephone needs for new or remodelled homes or office buildings. Arrangements can be made to have the builders provide for present and anticipated future telephone requirements, so that wiring can be concealed without marking walls or woodwork. ## KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of  
riboflavin, its most important vitamin ele-  
ment. If you don't meet the milkman, leave  
out a covered, insulated box for bottles of  
milk. Remember that light hurts milk more  
than heat does in a short time.
