ONIONLESS ONION

If you like potato salad but do not like
raw onion, you might try boiling an onion
in the water in which you are boiling the
potatoes for the salad. This gives the Spuds
the flavor of onion.

GLOVES AT WEDDINGS

If gloves are worn at a wedding, they should be worn during the entire ceremony and on the way out of church. But they are not worn at the reception as it is considered more cordial to shake hands "bare".

QUICK BRASS CLEANER

You can clean copper and brass instantly by rubbing with a mixture of vinegar and salt. The finish won't last as long as with regular metal polish, but the mixture does a fine job.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

GOING TO MOVE?
Don't forget the house
you're leaving behind.
Here are some helpful hints.

1. See that all utilities have been disconnected or shut off (gas, electric, telephone, etc.)
2. Notify the milkman, paper boy or others who have been delivering to you regularly.
3. Notify the Post Office of your change of address.
4. Notify your insurance companies and secure records of transfer from school, church, bank, etc.
5. When you're in your new location have your change of address noted on your driver's license and automobile registration certificate.
