FURNITURE STAIN REMOVER

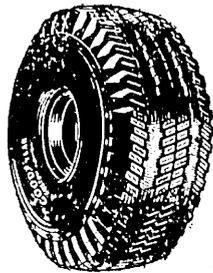

If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.

DANGER!

Charcoal fires produce carbon monoxide. In case of rain while doing outdoor cooking, do not drag the charcoal cooker inside a closed garage or porch. The biggest enemy of carbon monoxide is fresh air.

FLAT BACON

Does your bacon curl up and shrink in the
 pan? Try this when frying bacon. Fry in
 regular frying pan but place bottom of
 another pan directly over the bacon itself
 — then put it over a low flame. Result —
 nice flat pieces of bacon.

BOAT TIP

Apply a thin film of petroleum jelly to chrome work on boats, to keep salt water from dulling it.

CARPET LORE

Legend says that the first oriental rug was made as a substitute for a pavement in a Persian city. After seeing the lovely streets, a nomadic prince ordered his weavers to produce copies for his royal tent.

SAVE ON FOIL

Use aluminum foil to line a small baking pan for oven-baked chicken. Saves on washing up and economical too when the same foil is used to wrap the baked chicken for storage in the refrigerator. Use in the same way for baking fish.

MORE INSTANT COFFEE USED

Canadians are drinking less coffee, or at least using fewer beans, than in the late 1940's. Part of the drop is due to introduction of instant coffee during the 1950's. Instant products now make up nearly one-fifth of total coffee consumption.

A recent survey definitely proves — 1 out of every 7 Yellow Page Buyers makes a personal visit to the firm selected to buy what he wants after he has consulted the Yellow Pages. He is usually counted as a "drop-in" customer by the firm. Will your Yellow Page advertising direct these "drop-in" customers to you?

BRIGHTEN UP

Children's pillows, chairs and couches can be covered with heavy-utility towelling. Because the covers are easy to wash, they can always look bright and fresh.
