DISH DIVIDER

Use aluminum foil to divide an oblong
baking dish. Place small amounts of
leftovers in each section to warm. Not
only does it have everything warm at
one time, but it saves washing many
pots and pans.

SHORTENS LIFE

Repeated pressing of creases in the
same place in linen napkins and
tablecloths may break the thread and
shorten the life of the linens.

PAINTER'S TIP Professional painters
say the correct way to hold a brush
is to grasp it comfortably near the
handle base. Don't bear down on the
brush. Just exert enough pressure to
make the bristles flex slightly toward
the tip.
