FURNITURE STAIN REMOVER

If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.

MORE INSTANT COFFEE USED
 Canadians are drinking less coffee, or at least using fewer beans, than in the late 1940's. Part of the drop is due to introduction of instant coffee during the 1950's. Instant products now make up nearly one-fifth of total coffee consumption.
