We want to give you fast, dependable telephone service, and you can help us by keeping your directory near your telephone and calling 'Information' only when you do not find the number listed in the directory.

## GOING TO MOVE?

Don't forget the house you're leaving behind.

Here are some helpful hints.

1. See that all utilities have been disconnected or shut off (gas, electric, telephone, etc.)
2. Notify the milkman, paper boy or others who have been delivering to you regularly.
3. Notify the Post Office of your change of address.
4. Notify your insurance companies and secure records of transfer from school, church, bank, etc.
5. When you're in your new location have your change of address noted on your driver's license and automobile registration certificate.

**DO NOT PULL OUT**

If you are stung by an insect that leaves a noticeable stinger, do not attempt to pluck it out as this will only force the remaining venom into the system.

Telephone cords and water don't mix. A wet cord can put your telephone out of order, so please keep your telephone cord away from sinks, valves, steam and other places where water might get on it.

### TO CLEAN BRASS

A salted lemon slice or wedge makes an excellent cleaning aid for brass. Rinse with warm water, and polish with a soft cloth.

## AVOID GOLD

When buying a carpet avoid gold as  
a solid color, because gold cut pile  
shows foot tracks, litter, dust and fuzz  
and requires much more care.

## GARLIC ANYONE?

For those who like only a slight hint  
of garlic in salads, toss a clove of  
garlic into a bottle of vinegar. A  
delightful homemade garlic vinegar is  
on hand for salad dressings without  
messy preparation from garlic  
buds.
