Contractors—Drilling

See Drilling Contractors also Well Drillers

Remember, don't dial until you
 hear the dial tone.

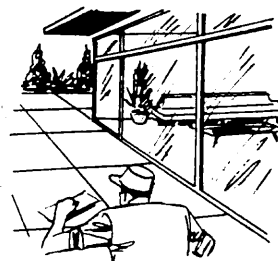

MARBLE STAINS

Most stains on marble are removed
 best with the application of a poultice.
 To make a poultice, soak a piece of
 white blotting paper, white napkin,
 white cleansing tissue, or commercial
 whitening in one of the following solu-
 tions: for organic stains, use ammonia
 or hydrogen peroxide in hair bleach
 strength; for oily stains, an amyl
 acetate or acetone solvent.
