In these busy days when saving
 time is so important, more and
 more telephone users are following
 the thoughtful way of answering
 the telephone: "Harry Smith
 speaking." Such an introduction
 establishes identity, saves time
 and makes a good impression.

KEEP CLEAN

Place a piece of beeswax between
two pieces of flannel and rub your iron
over it occasionally. It will keep the
iron clean and help it work smoothly.

DO NOT PULL OUT

If you are stung by an insect that leaves a noticeable
stinger, do not attempt to pluck it out as this will only
force the remaining venom into the system.
