If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.

**IN YOUR
OWN WORDS**

The classifications in the **YEL-
LOW PAGES** are chosen from a
study of the terms buyers use to
describe what they want. That's
why it's
so easy.

When in doubt about a telephone
number, please look in the
telephone directory first.

That helps you, helps others, and
helps telephone people to do a
better job for you.
