Have the right number when you call. It's natural to trust to memory but when memory plays tricks with a telephone number, you're delayed. When you are not sure of a number won't you look it up in the telephone directory?

Two friendly telephone
habits . . . quick to answer
when your telephone
rings; SLOW to hang up
when you call someone
who does not immediately
respond. When calling
others, remember that the
called person may be al-
most there . . . so wait a
few seconds longer.
