LOW TEMPERATURE
Always fry eggs at a low temperature, preferably in a heavy pan because heat is distributed more evenly.

ADDITIONAL LISTINGS

... for the growing-up son or daughter, for the relative or friend who lives under your roof...what nicer thought than a separate listing in the Telephone Book?

SCRATCHED WOODWORK
One way to repair deeply scratched woodwork is by filling the scratches with a mixture of fine sawdust and spar varnish. After this filling has hardened completely, smooth it down with fine sandpaper.
