4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because men talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Why not check into the sales-building possibilities of the Yellow Pages? Call the business office for information about advertising in the Yellow Pages. Your advertisement in the Yellow Pages reaches prospective customers when they are ready to buy. When they know what they want — but not where to get it — they turn to these Yellow Pages.

Telephone calls used to be a scream but today, a normal voice will do. The difference is improved transmission—better way to get your voice from here to there. Simply talk in a normal tone of voice into the receiver and your words will go a long way.

The Yellow Pages are really read! Mr. Businessman — Buyers use these Yellow Pages at the Psychological moment when they want to buy what you have to sell. Will they find you?
