4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

- 1 You can talk over matters at once — promptness often prevents loss of a customer.
- 2 You can use tact in delicate situations.
- 3 You can build closer relations with customers.
- 4 And because men talk more freely than they write, you can frequently trace the real reason for the complaint — and prevent similar complaints in the future.

When you call someone, give them time to reach the telephone. You know how you feel when you just miss a call, so wait a few seconds longer when you ring. You never know, they may just be reaching for the phone when you hang up.
