4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

DON'T KEEP IT A SECRET!
Tell the ready-to-buy people about the products and services you sell. Advertise in the YELLOW pages! Display the brand names of the products you sell and repair. Make it easier for people to buy from you.

Telephone service is a friendly service. The people who operate and maintain it take a genuine satisfaction in serving you pleasantly and well. People who use the telephone a great deal find that friendliness is an instinctive habit. The telephone helps folks to know each other better.
