Have you tried the handiest shopping centre in town?
It's right at your fingertips — the Yellow Pages of your telephone book.
Quick "Yellow Pages" have solved many a buyer's problems. Let them help you get in touch with almost everyone you need who sells things, does things, fixes things.

Look in the yellow pages index first.

The index has many cross references which help you find the services you are looking for. For example, if "Doctors" comes to mind, our cross reference will refer you to **Physicians & Surgeons.**

You can build closer relations with customers.
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
