Calling 9-1-1

Each year, in Canada,
 over three million
 calls are made to
 emergency services by
 cell phone Samaritans.
 When calling 9-1-1 in
 an emergency situation,
 here are some
 tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.

**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**

You can talk over matters at once
Promptness often prevents loss of
a customer.
You can build closer relations with
customers.
You can use tact in delicate situa-
tions. And because people talk more
freely than they write, you can more
quickly trace the real reason for the
complaint and prevent similar com-
plaints in the future.

Liz Gilchrist,
Call me
personally.

We can arrange an "instamortgage" of \$1,000 - \$2,000 in
about an hour. We also prepare 2nd and 3rd mortgages up
to \$50,000 - regardless of your credit rating or present
financial situation. The bank can't say no, if we say "Yes."

Water Conservation...

We tend to run the water
while we brush our teeth,
but this is actually one of
the biggest 'water wasters'
today. Turning off the water
will save hundreds of
gallons of water a year.
