Calling 9-1-1

Each year, in Canada,
over three million
calls are made to
emergency services by
cell phone Samaritans.
When calling 9-1-1 in
an emergency situation,
here are some
tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.

Helping Canadians with taxes for over 30 years.

The TELUS Directory places your name and telephone number before the Buyer at the very moment he wants what you have to sell.

The measurement of advertising media is circulation, volume of advertising carried public acceptance (usage), and economy. TELUS Directory meets every requirement and gives the bonus of permanence.

Alberta's first premier was Alexander Rutherford (1905-10). He was also the founder of the University of Alberta.

TELUS Advertising Services

your source[™] for absolutely everything...

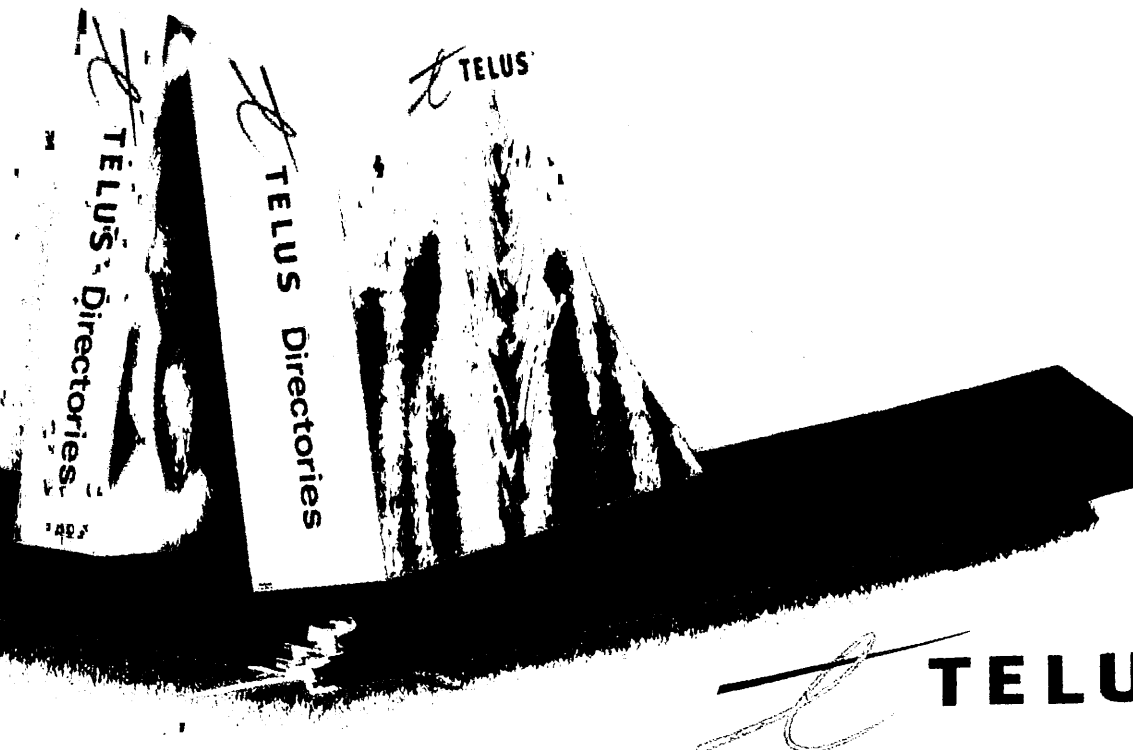

Including customers.

Ads in the TELUS directories work hard for your business – 24 hours a day, 365 days a year. No other advertising medium is so well positioned to be in the right place at the right time. And, since TELUS directories are found in virtually every home and business in Alberta, your business is reaching virtually everyone.

You can also reach more buyers with TELUS coupons, banner ads and features like the Internet Guide, which offer more advertising choices for you and increased exposure to potential customers.

TELUS directories also get used on a regular basis. Research shows Albertans use their TELUS directories, on average, 3 times a week.* Take advantage of one of the best advertising mediums available.

Call TELUS Advertising Services at 1-800-661-4260.
We'll help you build a powerful advertising program.

Energy Efficiency...

Being energy conscious not only saves you money, but also saves the planet. When buying household appliances check the 'energy efficiency' ratings and the amount of water it will require to function.

Calling 9-1-1

Each year, in Canada,
over three million
calls are made to
emergency services by
cell phone Samaritans.
When calling 9-1-1 in
an emergency situation,
here are some
tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.

Calling 9-1-1

Each year, in Canada, over three million calls are made to emergency services by cell phone Samaritans. When calling 9-1-1 in an emergency situation, here are some tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.

Emergency Numbers

Keep an up-to-date list of emergency numbers near your phone. Be sure that children understand and practice reading the list. You never know when they'll be a lifesaver.
