DISH DIVIDER

Use aluminum foil to divide an oblong
baking dish. Place small amounts of
leftovers in each section to warm. Not
only does it have everything warm at
one time, but it saves washing many
pots and pans.

"The other fellow's time is valu-
able too. Don't call him by mis-
take. Dial carefully."

DISH DIVIDER

Use aluminum foil to divide an oblong baking dish. Place small amounts of leftovers in each section to warm. Not only does it have everything warm at one time, but it saves washing many pots and pans.
