Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

**4 GOOD REASONS FOR  
HANDLING COMPLAINTS  
BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because men talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Two friendly telephone  
habits . . . quick to answer  
when your telephone  
rings; slow to hang up  
when you call someone  
who does not immediately  
respond. When calling  
others, remember that the  
called person may be  
almost there . . . so wait a  
few seconds longer.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE  
You can talk over matters at once. Promptness often prevents loss of a customer.  
You can build closer relations with customers.  
You can use tact in delicate situations. And because men talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
