Two friendly telephone
habits . . . quick to answer
when your telephone
rings; slow to hang up
when you call someone
who does not immediately
respond. When calling
others, remember that the
called person may be
almost there . . . so wait a
few seconds longer.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because men talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
