**4 GOOD REASONS FOR  
 HANDLING COMPLAINTS  
 BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

4 GOOD REASONS FOR  
HANDLING COMPLAINTS  
BY LONG DISTANCE

You can talk over matters at once.  
Promptness often prevents loss of a  
customer.

You can build closer relations with  
customers.

You can use tact in delicate situations.  
And because people talk more  
freely than they write, you can frequently  
trace the real reason for the  
complaint and prevent similar complaints  
in the future.

4 GOOD REASONS FOR  
HANDLING COMPLAINTS  
BY LONG DISTANCE

You can talk over matters at once.  
Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Don't forget to plan for  
concealed telephone conduit  
and convenient locations  
for telephone outlets  
when you build your new  
home. These built-in tele-  
phone facilities add real  
value to a home yet their  
cost is very small if they  
are installed during  
construction.

**4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE**  
 You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
