4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
