Don't forget to plan for
concealed telephone conduit
and convenient locations
for telephone outlets
when you build your new
home. These built-in tele-
phone facilities add real
value to a home yet their
cost is very small if they
are installed during
construction.

Why not check into the sales-building possibilities of the Yellow Pages? Call the business office for information about advertising in the Yellow Pages. Your advertisement in the Yellow Pages reaches prospective customers when they are ready to buy. When they know what they want — but not where to get it — they turn to these Yellow Pages.

Your business — is it completely and adequately represented in the phone book? Listings of partners, officials and salesmen make it easy for customers to do business with you. Ask our telephone business office.

The YELLOW PAGES place your name and telephone number before the Buyer at the very moment he wants what you have to sell.
