4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once.
Promptness often prevents loss of
a customer.

You can build closer relations with
customers.

You can use tact in delicate situa-
tions. And because people talk more
freely than they write, you can fre-
quently trace the real reason for the
complaint and prevent similar com-
plaints in the future.

In The Public Interest

If you are injured in a motor vehicle accident and have a claim, you should seek legal advice immediately – before you discuss the matter with an insurance adjuster and before signing any documents.

You should understand that adjusters work for the insurance company and their interests may be directly in conflict with yours. Adjusters are under no obligation to inform you of your rights and in many cases are not even qualified to do so. To protect your rights, call us toll free.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
