4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

5 Reasons Why You Should Choose A Home Study Course To Learn Piano

1. **Learning at home is convenient and stress-free.**
There's no need to commute to lessons, or conform to someone else's time table. The lesson material in our program *How To Play Popular Piano* comes to you, so you can set your own schedule.
2. **Your course is user-friendly.**
We will send you lessons that are easy to follow and include audio cassettes that guide you through, step by step.
3. **It's easy on the pocket book**
There's no expense for someone's time for private lessons, no travelling costs, or any outlay for extra materials you may need. The lessons we'll send you complete with all instruction and plenty of songs to play.
4. **Even though you learn at home, you never need to feel you're alone.**
All your lesson material is clearly explained and demonstrated. But... if you should encounter anything that is not quite clear to you, we offer additional help by mail or telephone.
5. **Learn in the shortest possible time.**
If you are like most of us, you do not want to spend years and years learning how to play. Our course provides you with a fast, efficient way of playing good popular music by chord. Most of our students are amazed at how quickly they are able to play the songs they like. And you read regular notes and chords - the same as you would find in a piece of sheet music or book, on the shelf in any music store. This is important, because it puts the widest range of music within your grasp.

Before you make a decision to sign up for lessons, let us send you our **FREE INFORMATION**. Find out how quickly and easily you can learn to play good popular piano.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

"To find it fast and easy look in the yellow pages index first." The index has many cross references which will help you find the service you are looking for. The index starts at the front of the classified section. The one to turn to. AGT YELLOW PAGES™
