PURCHASING TIPS

- \$19.90 to \$25.00 for Transmission Tune-Up may be substantially below cost. From this you could be upsold to purchase an unnecessary new transmission.
- \$299.00 quoted for quality transmissions may be just to get you through the door. Call us for more information.
- Some shops may have prices that are 25% higher than ours. They may not give you any cost estimate until the transmission has been removed at a cost of \$300.00.
- Some \$275.00 to \$299.00 advertisers may replace only the failed part with a used part and not rebuild the whole unit.
- Some locations offer Canada/USA wide warranties. However, caution is advised.

Call us for sound professional advice and then select the shop!
