"I Just Can't Believe Funerals Cost So Much!"

When you're faced with the death of someone close, we don't want the cost of final arrangements to add to your distress.

That's why you need to think twice before assuming the "traditional" way is the only way. You do have "alternatives" and you should certainly make informed choices.

What you really need at this time is plain talk that demystifies the process, spells out options in a factual way, reduces the costs, and gives you real control over the decisions to be made.

When you're in control, you make better decisions. And we also know a funeral home is the last place you want to visit. It can leave you feeling uncomfortable and vulnerable. That's why Personal Alternative® always comes to your home to make the arrangements. While the home visit provides an obvious convenience to

your family, it further ensures you avoid the commercial pressure to spend beyond your needs.

Personal Alternative® Funeral Services is a well established and fully licensed funeral provider. And, we operate our own crematorium.

Although we're much more affordable than the "traditional" funeral home, less costly doesn't mean less considerate. It just means we've found a more realistic way to provide service.

We offer real choice, and every choice is substantially more affordable - everything from simple cremation without a service to a complete funeral and burial.

We're highly recommended by clergy, health care providers, social workers and other professionals.

So, before you make any decisions, call us. We'll provide costs and options over the phone.

PRICE GUARANTEE

We encourage people to do comparison shopping. Please take the time to shop the major competitors in the furnace cleaning business and then call us. We guarantee that in most cases, our estimate will be \$10.00 to \$35.00 less for similar work of any other furnace cleaning company in Calgary. Fur-Max has been specializing in the furnace cleaning since 1990. We pay attention to detail and we know what we are doing. We offer the same truck mounted equipment as most of the competitors (be wary of portable or converted carpet cleaning kits). If you are taking the time to read this ad, you obviously have some concerns and are shopping around. Sometimes it is difficult just to try and decide whom to get to clean your furnace. We know the feeling, we are also consumers. Who do you trust? If you have any concerns or questions please phone. We have nothing to hide and will gladly answer your questions.

Calling 9-1-1

Each year, in Canada, over three million calls are made to emergency services by cell phone Samaritans. When calling 9-1-1 in an emergency situation, here are some tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.
