LESLIEVILLE

—ALBERTA GOVERNMENT TELEPHONES BUSINESS OFFICE

ALHAMBRA

—JOHN WULFF GENERAL MERCHANT

CONDOR

—GARDENER'S GROCERY

A GUIDE TO THE BEST IN TELEPHONE SERVICE

To Place Local Calls From Manual Telephones...

Consult the Telephone Directory to make sure you have the correct number. Do not trust to your memory.

Local Calls —

- Give the generator crank one short turn to signal the Operator.
- When the Operator answers, give her the number you are calling.

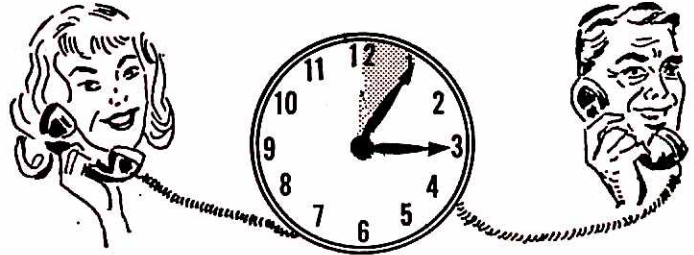

A Customer on your own Line —

- Lift the receiver to make sure the line is clear.
- To call another customer on your line, ring the other party's ring number directly using the generator crank.

When You are Through Talking —

- Replace the receiver and give the generator crank a short turn to signal the Operator and other customers on your line that you are through with your conversation.

Rural line customers should limit conversation to five minutes duration.

Emergency Calls from Party Lines —

Please hang up promptly when told the line is needed for an emergency call to a fire department, police department, for medical aid or ambulance service. The next emergency call may be yours.

To Place a Long Distance Call . . .

After reaching the Long Distance Operator, give her your call in this order:

1. The city and province (or state) that you want, and the Area Code, if known.
2. The telephone number. On person-to-person calls, include the name of the person you are calling.
3. If you don't know the number, give the name and address of the party you are calling.
4. When the operator asks for it, give your number.

FOR FASTER SERVICE — CALL BY NUMBER

It's Inexpensive to Call Long Distance . . .

The easier and more economical way to call is station-to-station. This means you will speak with anyone who answers at the called telephone. Charges begin when the called telephone is answered.

If you want to speak to a particular person, department or extension, you call person-to-person. Charges begin when the specified person, department or extension answers, and are slightly higher than station-to-station calls.

Long Distance is Fast . . .

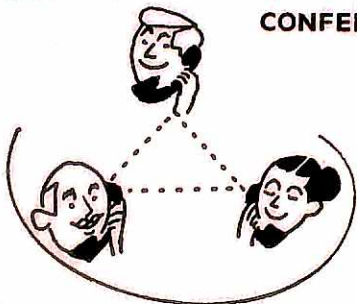

Calls go through in seconds, particularly if you call by number; so if you'll stay on the line, you'll be able to start talking promptly.

Reduced Evening and Sunday Rates . . .

Low night rates are in effect from 6 p.m. to 4:30 a.m. weekdays and all day Sunday. Alberta time determines the rate you pay.

CONFERENCE CALLS

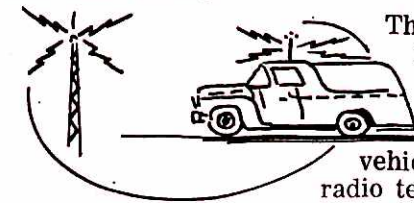

You can talk to several people in different places at the same time. Tell the Long Distance operator you wish to make a Conference Call.

COLLECT CALLS

If you wish the charges billed to the distant telephone, tell the operator **WHEN YOU PLACE THE CALL** that it is a "Collect" call. She can then determine whether someone at the distant telephone will accept the charge.

MOBILE CALLS

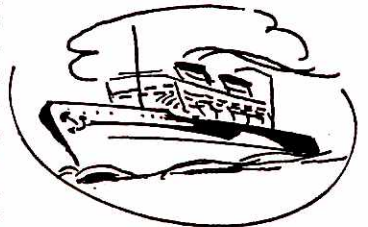

This service provides two-way telephone communication between a regular telephone and a

vehicle equipped with a radio telephone or between such vehicles. To make a call from a regular telephone, call your Long Distance operator and give the telephone number and location of the vehicle desired.

OVERSEAS CALLS (Including Alaska)

Calls to practically all the world's telephones can be made from your telephone. Tell your Long Distance operator that you wish to make an Overseas Call and she will connect you with the Overseas operator.

Some typical weekday rates for a three-minute call are:

AUSTRALIA	} \$12.00	BAHAMAS	} \$9.00	
BRAZIL		GREAT BRITAIN		
JAPAN		BERMUDA		
PHILIPPINES				
ALASKA	} Anchorage	\$8.25	Juneau	\$6.75
		Fairbanks	\$8.25	Nome

Reduced rates apply on calls to many countries during certain night hours and Sundays.
