AGT brings you the power of the network

We enhance your quality of life through communication

NOW YOU DON'T HAVE TO ANSWER THE PHONE TO FIND OUT WHO'S AT THE OTHER END

With Call Display from AGT you're in control. Your phone will show you the caller's number while it's still ringing. Our complete range of display phones offers a choice of features. From an economical unit that converts any phone into a display phone, to our most advanced model which can be programmed to display callers' names.

WORKING TOGETHER TO RECOVER THE FUTURE

Armed with an ongoing commitment to improve the environment, AGT Directory Limited has successfully established a province-wide directory recycling program. The key to recycling is developing partnerships: with the communities we serve, with other local businesses, with the paper and directory publishing industries and with recyclers. By working together we can make a difference in the environment for our generation and for generations to come.

REDUCE

Implementing waste reduction measures in the printing process has resulted in maximum efficiency in the use of the newsprint rolls. Through co-operation with our corporate customers, we continually strive to provide the "just right" quantity of directories.

RECYCLE

Newsprint used in directories contains up to 10% recycled fibre, which is manufactured from outdated directories.

REUSE

AGT Directory continues to explore new markets for our outdated directories. Most of the directories are shipped to a de-inking facility to be recycled back to newsprint, and the remainder are sent to a local recycler who converts them into building products.

RECOVER

AGT Directory is entering the third successful year of the directory recovery program. Through corporate and community co-operation the success of the program increases each year.

**AGT's commitment to Quality extends to:
our customers,
our communities,
our environment.**
