Business College

News Building Lethbridge, Alta.

Largest - Strongest - Best

THE confidence of the public is the best testimonial any school can offer. The Garbutt Business Colleges, ten in number, stretching from the Atlantic to the Pacific are the largest, strongest, best schools wherever located. Last year the total enrolment of these schools exceeded 5,000 students. Like all progressive institutions our schools grow and expand. Those who attend have the advantage of modern courses and methods compiled by experts. The Garbutt School is athrob with life. It is a modern institution with high ideals, progressive ideas and sound methods of instruction. The cost of a business course will be repaid you many times. It is not an expenditure but an investment that pays big dividends. Your decision to take a business training will be your Declaration of Independence

You CAN If You WILL

OUR pay-when-you-get-a-position plan speaks as nothing else could of the demand for Garbutt graduates. This plan makes it possible for everyone to get a business education. If you say "I can't" you simply mean "I won't," because you can if you will. The great difference in people is not a difference of ability or a difference of opportunity but a difference of decision or will power. You either have the opportunity now to get a training in business or you can make the opportunity, you'll never be able to say "I never had a chance." Give yourself a chance—get a business education. We have a little pamphlet called "Here's \$36,000—Do You Want It?" It's yours for the asking. Send for it to-day. Now is the time. Be a doer not a dreamer, a worker not a wisher.

Members

of the National Association of Accredited Commercial Schools. These schools have standardized business education in the United States and Canada. They are schools of large performances rather than of large promises.

Evening Classes meet Monday,
Wednesday and Friday,
from 7.30 to 9.30

Individual instruction is given by competent and courteous teachers. We treat each student as if he were the only student. Here is the opportunity to increase your earning capacity and prepare for a better position.

Visitors Invited

Whether or not you wish to enrol, you are cordially invited to call at the college, visit the school, see the students at work and to discuss with us anything of interest.

A SCHOOL IS NO BETTER THAN ITS TEACHERS

Garbutt Auto & Tractor Institute

LIMITED :: CALGARY

The Quality School

WHEN you enter our Auto and Tractor School, you come under the care of master experts whose sole business and duty is to see that you learn the automobile and tractor business from A to Z—and know the why of every move you make. These instructors are very carefully chosen, not only for their knowledge and experience, but for their ability to teach others. We make a specialty of the electrical end of the business because that is the most difficult. The students learn all about magnetos, batteries, generators. Guessing won't help you with electricity. You must know why and how. Our instruction is practical. The students wear overalls and use tools. They must get into the grease to learn properly.

BLOCK TEST

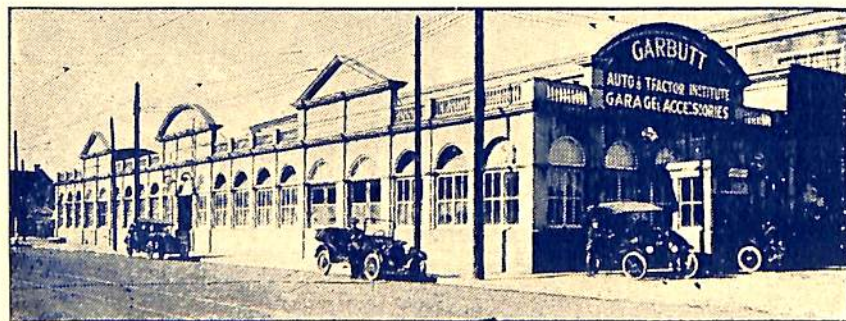

OPPORTUNITIES

THE automobile and tractor business is the third business in size in the world and it has just begun to grow. There is a constantly increasing demand for trained men—Repairmen, Traction Engineers, Emergency Men or "Trouble Shooters," Starting and Lighting Experts, Demonstrators, Chauffeurs, Oxy-Welders and Vulcanizing Experts. The salaries range from \$70 to \$250 per month. Some earn more than this by going into business for themselves. The expert is a trained man and is paid for what he knows. That is why his pay is big. A course in our Tractor Department should be worth not less than \$750 to a tractor owner. It is worth this because it will double the life of the engine. Besides it will save experts' bills and delays from breakdowns.

Our Premises

City Public Market
Building, 4th Ave.
3rd St. E. Calgary

Size 40 ft. x 185 ft. Steam-heated, hot and cold water. Notice how well lighted it is. The right side of this building is used as a modern garage. The office and class rooms are at the left. In between are the Block Test, Tire Repair, Oxy-Welding and Tractor Departments.
