# Ordered Action!

It is not the man who rushes around who does the work. The quiet direct action of completing the first thing first is what counts.

Quietly and efficiently the Long Distance Telephone will carry your message. There are no elaborate preparations, no straining. At one mile or a thousand your voice will carry as clearly as in conversation across your desk. Lift your receiver, give the operator your customer's number and she will do the rest.

A few minutes quiet conversation, the ordered action of efficient communication and your business is complete. The rates are low and the results excellent.
