

Shoppers' Wonderland!

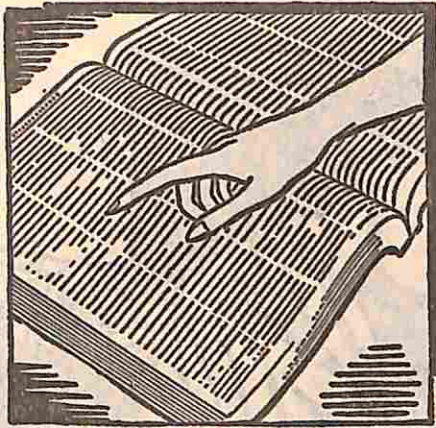

THE YELLOW PAGES

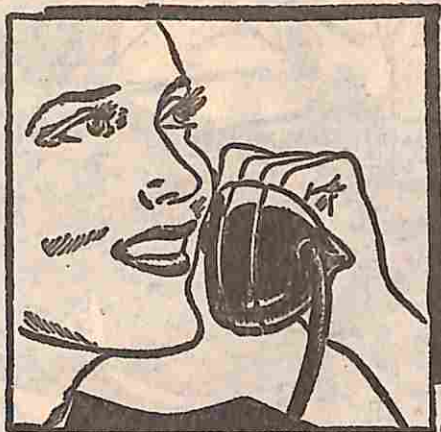

YELLOW PAGES . . . the shopper's wonderland . . . the buyer's guide . . . the business man's go getter. Buyers — prompted by a continuing and novel promotion of the Yellow Pages — turn to them more and more for the products and services they want and need. Best of all they use the Yellow Pages when they're ready-to-buy. A convenient and time-saving service for the consumer, and for the business man . . . YELLOW PAGES means BUSINESS!

ALBERTA GOVERNMENT TELEPHONES

Your telephone serves you best when you —

Make sure of the number.
If in doubt, consult the
Telephone Directory.

Speak with the lips close to
the mouthpiece, using your
natural tone of voice.

And give the called person
TIME to answer.

ALBERTA GOVERNMENT TELEPHONES

How to make good Telephone service even better . . .

You'll save time if you look up numbers before you call

Have you ever had the feeling that you're not quite sure of a familiar telephone number you're about to call? Even the number of a friend you call quite often? Your memory tells you it's 3198. Or is it 3189? The best way to settle it is to look up numbers before you call. You'll save time — and avoid the delay and embarrassment of having a stranger answer if your memory tricks you into getting an incorrect number.

THIS CLASSIFIED TELEPHONE DIRECTORY IS

Easy to use . . .

FOR YOUR CONVENIENCE a complete list of all business and professional telephone subscribers, throughout the community, appear in alphabetical order under the classification appropriate to their business, or the article or service they sell. The classifications, too, are in alphabetical order. You can find quickly and easily the Business, Service or Product you need.

1. When you want to buy something . . .

Suppose, for instance, a radio—

First look on the "R" pages for "Radio Sales, Service & Supplies".

Then pick out the dealer from whom you want to buy.

You can use the directory in the same way when you want to buy any one of thousands of other products or services.

2. When you want a dealer of a trade-marked product . . .

Suppose you want a dealer for a nationally known product, or service, such as an automobile—

First turn to "Automobile Agencies & Dealers—New Cars" on the "A" pages.

Then select the dealer from the list of those who sell or service the particular automobile you want.

3. When you have forgotten a business firm's name but do remember the address . . .

You may forget the name of a business establishment but remember their location.

For example you want a mover located on Second Avenue—

First turn to "Movers" on the "M" pages.

Then look for the familiar address.

4. Even when you know the name . . .

The classified directory will help you in looking for business names you know. Suppose you want to telephone Smith, the plumber. Plumbers are listed on the "P" pages under the classification "Plumbers & Gasfitters". You will find your Smith under "Plumbers & Gasfitters" more easily than searching the long list of Smiths which normally appear in the white pages of our directories.

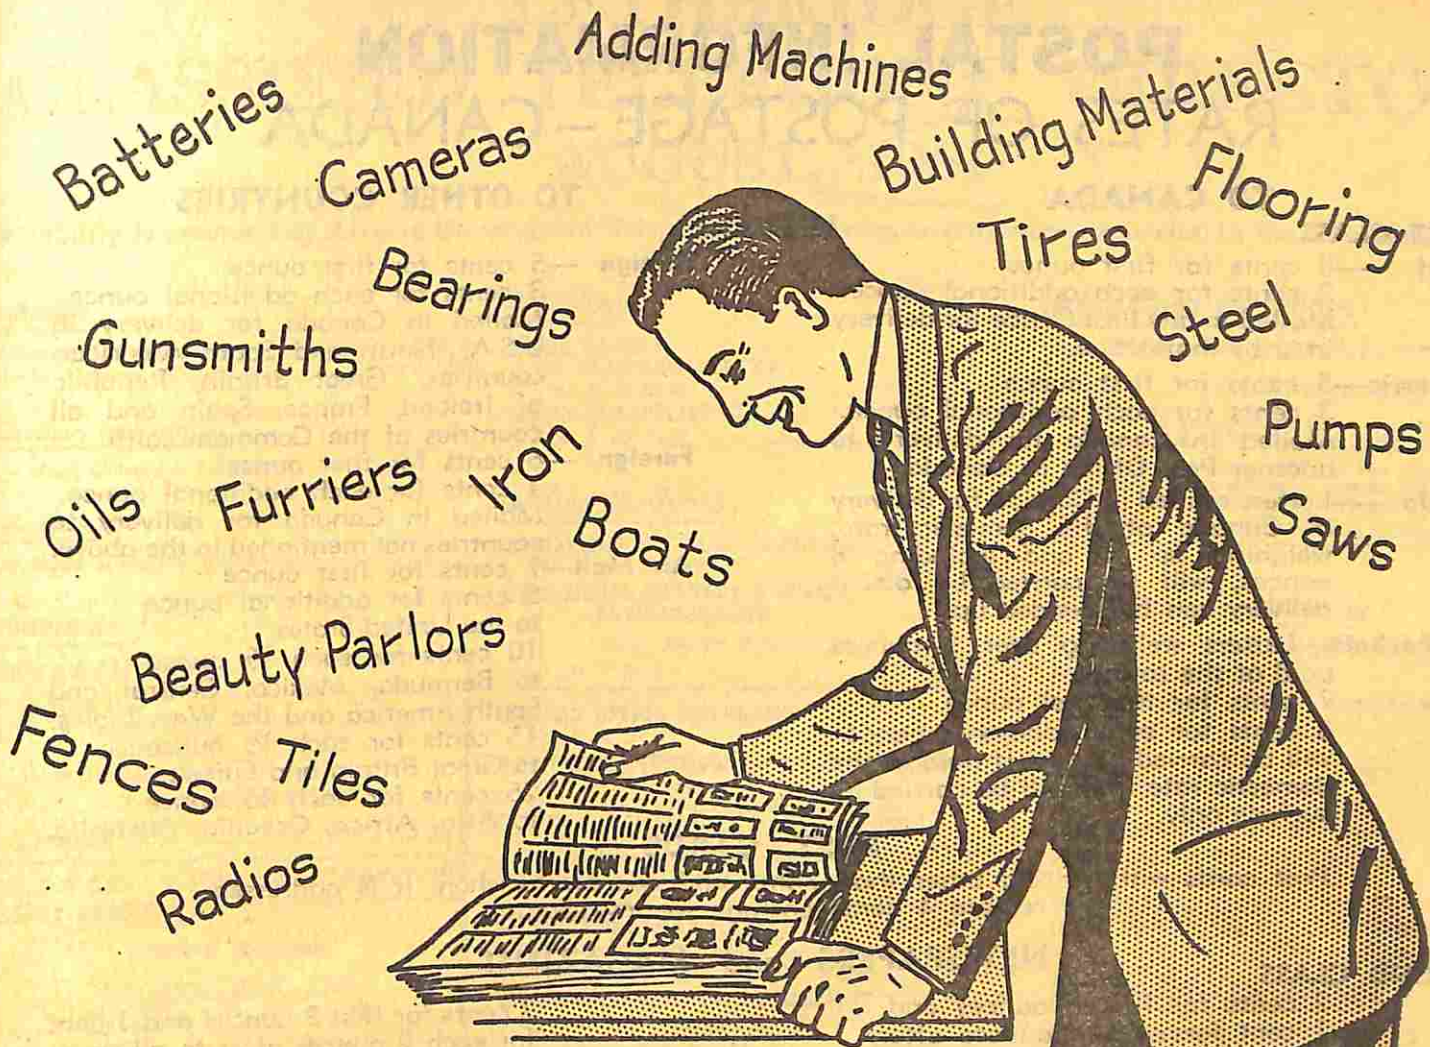

For advertising information and rates concerning this directory communicate with the Directory Department, Alberta Government
Telephones, Lethbridge 328-3331

The Telephone Company assumes no liability for errors or omissions occurring in the Classified Directory.

dividends!*

Experienced ducks and duck-hunters know that the first requisite to success with wary, feathered, little blokes is a good duck blind . . . in other words, complete coverage.

And so it is with Yellow Pages advertising. The advertiser who represents his firm under all appropriate headings — has complete coverage — assures himself of maximum results.
