**GETTING THE DIRT OUT**

Let lettuce leaves and other leafy greens  
stand five or 10 minutes in a pan of cold  
water. Any sand will sink to the bottom of  
the pan. Then lift out greens and wash them  
under running water.

**BED CARE**

Home care authorities say that innerspring mattresses should be turned once a month. But latex foam mattresses need no turning—they have only one sleeping surface, no padding or springs, so there is nothing to mat down or shift.

**NERVOUS?**

Some teens who make the high school for the first time have the nervous habit of lip-licking. This can produce painful cracking and chapping. A dab of petroleum jelly every now and then will keep lips lubricated.

**DIAMOND RING LORE**

The diamond, symbol of love, is worn on the fourth finger of the left hand because it was once believed that the vena amoris, or vein of love, ran from this finger directly to the heart. The English Prayer Book of 1549 specified that the marriage ring also be placed on the left hand.
