PREVENT COLORING

Potatoes turn green when they are exposed to too much light during storage, says a publication of the Alberta Potato Commission. It advises that potatoes should be stored in a dark, cool place.

A HEAVY LOAD

Shoppers each year carry some 1,400 pounds of groceries home for each person in the family. The load, however, is about 100 pounds lighter than it was in the 1940's — partly because of increases in food processing, partly because of changes in consumer tastes.
