FURNITURE STAIN REMOVER
 If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.

PAINTER'S TIP

Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.

GARLIC ANYONE?

For those who like only a slight hint
of garlic in salads, toss a clove of
garlic into a bottle of vinegar. A
delightful homemade garlic vinegar is
on hand for salad dressings without
messy preparation from garlic
buds.
