Don't Know Your Postal Code

Ask Your Local Postmaster

To assist you in conveniently obtaining the Postal Codes of others, Postal Code Directories are located in Post Offices and Postal Stations in your area. When you next visit your post office, use the opportunity to obtain any Postal Codes needed.

The Standard Letter . . . It's as easy as 1-2-3!

The Standard Letter means the best possible level of postal service — and the most economical postal rates. The Standard Letter — your best value.

1. Size

Envelope must be rectangular and fall within sizes shown:

2. Thickness

Thickness not to exceed 5 mm (3/16").

Changing Address?

1.

The Postal Code is part of the street address, so leave your old code behind — there's a new one waiting at your new address. To find out what your new code will be, call your local Postmaster. The best time to call is as soon as you know your new address.

2.

Canada Post will provide you with as many Change of Address Announcement Cards as you need. Simply fill them out and mail them to everyone who sends you mail: friends, relatives, magazines, utility companies, banks, credit accounts, etc. You'll enjoy uninterrupted mail service if everyone knows your new address (including Postal Code).

When you move, make sure that your mail moves with you !

3.

For a small service fee, Canada Post will automatically redirect your mail to your new address, beginning the day you move in. Remember, though, that this service doesn't notify your correspondents of your new address; use Change of Address Announcement Cards for that.

Change of Address Announcement Annonce de changement d'adresse

Please change my mailing address effective

Veuillez changer mon adresse postale à compter du

D J M Y
Nom (en majuscules)

3. Addressing

The Forward Address must include the Postal Code.

Your Return Address goes here. And don't forget to include your Postal Code. It helps others to know your code.

The Forward Address, including the Postal Code, goes here. The Code should appear as the last item of the address, on a line by itself.
