Don't forget to plan for  
concealed telephone conduit  
and convenient locations  
for telephone outlets  
when you build your new  
home. These built-in tele-  
phone facilities add real  
value to a home yet their  
cost is very small if they  
are installed during  
construction.

Telephone service is a friendly service. The people who operate and maintain it take a genuine satisfaction in serving you pleasantly and well. People who use the telephone a great deal find that friendliness is an instinctive habit. The telephone helps folks to know each other better.
