4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once.
Promptness often prevents loss of
a customer.

You can build closer relations with
customers.

You can use tact in delicate situa-
tions. And because people talk more
freely than they write, you can fre-
quently trace the real reason for the
complaint and prevent similar com-
plaints in the future.

value to a home yet their
cost is very small if they
are installed during

THE PROOF IS IN THE PAGES

Why did more Albertans purchase their contact lenses from optometric offices than from all contact lens dispensers combined?

Complete contact lens care involves diagnosis, prescription development, dispensing and optometric follow-up eye care. Optometrists are licensed to provide all these services.

Optometrists are your contact lens specialists!

That's why!
