Don't forget to plan for  
concealed telephone conduit  
and convenient locations  
for telephone outlets  
when you build your new  
home. These built-in tele-  
phone facilities add real  
value to a home yet their  
cost is very small if they  
are installed during  
construction.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE  
 You can talk over matters at once. Promptness often prevents loss of a customer.  
 You can build closer relations with customers.  
 You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

## 4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

**4 GOOD REASONS FOR  
 HANDLING COMPLAINTS  
 BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Telephone service is a friendly  
service. The people who op-  
erate and maintain it take a  
genuine satisfaction in serving  
you pleasantly and well. People  
who use the telephone a great  
deal find that friendliness is an  
instinctive habit. The telephone  
helps folks to know each other  
better.

THE PROOF IS IN THE PAGES

Good news gets better when you share it with someone you love.

**AGT**  
LONG DISTANCE

# *Dial before you dig*

Telephone lines. They're essential to a community. Make sure you don't cut them off. Always phone for their location before operating excavation equipment...or even digging in your back yard. That way you'll avoid the dangers and disruptions that could cost more than money.

**2 working days notice required.** Call two working days in advance of any excavation to have the underground location of telephone service on your proposed site marked.

**(No Toll Charge)**

**1-800-242-3447**

**Buried Cable  
Location Service**

Nationwide Communications  
through Telecom Canada

Have you contacted the  
other underground services?
