4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE
You can talk over matters at once. Promptness often prevents loss of a customer.
You can build closer relations with customers.
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
You can build closer relations with customers.
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

THE
Yellow Pages™

Yellow Pages™ Media

Television, radio, and newspapers. Outdoor, magazines and direct mail.

In your advertising line-up, these media can either creatively stimulate customer interest or increase their desire to buy...or both. But these steps are only part of the story!

The Power of Yellow is the crucial last step in the process...the step that directs people where to buy when they are ready to make their purchases.

After the rest of your advertising has faded from view, the Power of Yellow still works!

No other medium brings buyers and sellers together like the *Yellow Pages™*.
