4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

"I Just Can't Believe Funerals Cost So Much"

When you're faced with the death of someone close, we don't want the cost of final arrangements to add to your distress. That's why you need to think twice before assuming the 'traditional' way is the only way.

What you really need at this time is plain talk that demystifies the process, spells out options in a factual way, reduces the costs and gives you real control over the decisions to be made. That's what Personal Alternative® Funeral Services does. We also know that a funeral home is the last place that you want to visit. That's why we always come to your home to

make the arrangements. This ensures you avoid the commercial pressure to buy beyond your needs.

Personal Alternative® Funeral Services is a well established and fully licensed funeral provider. We offer real choice and every choice is substantially more affordable - everything from simple cremation without a service, to a complete traditional funeral and burial. And we operate our own crematorium.

We're highly recommended by clergy, health care providers, social workers and other professionals.

So, before you make any decisions, call us. We'll provide costs and options over the phone.
