WHEN PEOPLE FEEL ROTTEN ABOUT THEIR BREATH AND TEETH, THIS IS WHAT THEY DO.....

Nothing, or something,

Of those that do something, most
do just enough...

over and over again.

A special few recognize that
personal health in any form is a
precious human resource not to
be taken for granted. Those people
do something about it once and
for all with a professional they
trust.

I offer and deliver dentistry to the
public (like you), exactly and
only as I would buy, if you were

a member of my own family,

nothing more, nothing less.

I've worked in my office next to
Zellers for nine years, and you'll

find me there this Saturday

maybe doing implants, braces,
laser bleaching, surgery, or fresh
breath treatments.

Come and interview me

for FREE! 327-2131 (24hr)

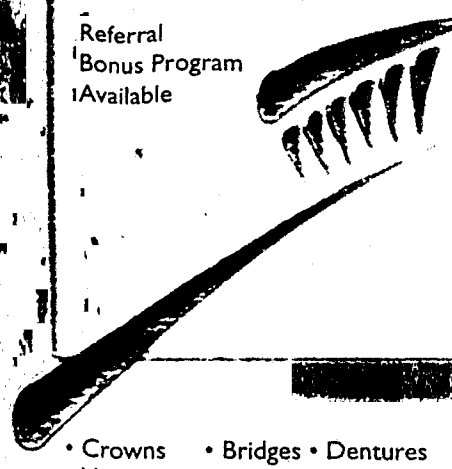

NOW.... what could be simpler
than that?

Don't forget to plan for
concealed telephone conduit
and convenient locations
for telephone outlets
when you build your new
home. These built-in tele-
phone facilities add real
value to a home yet their
cost is very small if they
are installed during
construction.

New Alberta Area Code

Alberta has a second area code **780**, effective January 25, 1999.

Look in the front of the TELUS White Pages under the New Alberta Area Codes Page for the communities that fall under the new area code. The southern part of the province retains area code **403**. Advertisers in area code **403** should show their area code in all their advertising into the telephone books of the **780** territories.
